

Leadership For Results

“Establishing Standards of Excellence”

Every successful team is directed by a well developed and clearly communicated plan of action. Although your job is multi-faceted, one of the most critical job requirements is *getting the work done through the efforts of others*. It is paramount for a powerful leader to have an effective plan and clearly defined standards of excellence to guide these efforts. Time management specialist, Ab Jackson, indicates that 80% of the problems we deal with can be reduced or eliminated with better pre-planning. The moral is do more planning and establish effective standards to direct workplace performance.

During this powerful session, you will:

- Learn the number one defense for preventing staff crisis
- Examine what planning really means
- Discover the difference between planning and hoping and see which you may be doing
- Gain the six building blocks of stellar results and learn to incorporate them in your daily planning sessions
- Discover the power of proaction versus reaction
- Receive the 5 steps to turn your goals into S.M.A.R.T. Standards of Excellence
- Discuss how a job description can actually cause lower job output
- Walk away with a new sense of purpose and direction for your department, staff, and your personal career
- And many more practical ideas and techniques to turn your prioritize into results
